The rabbit felt his time had come,
so he approached the lion

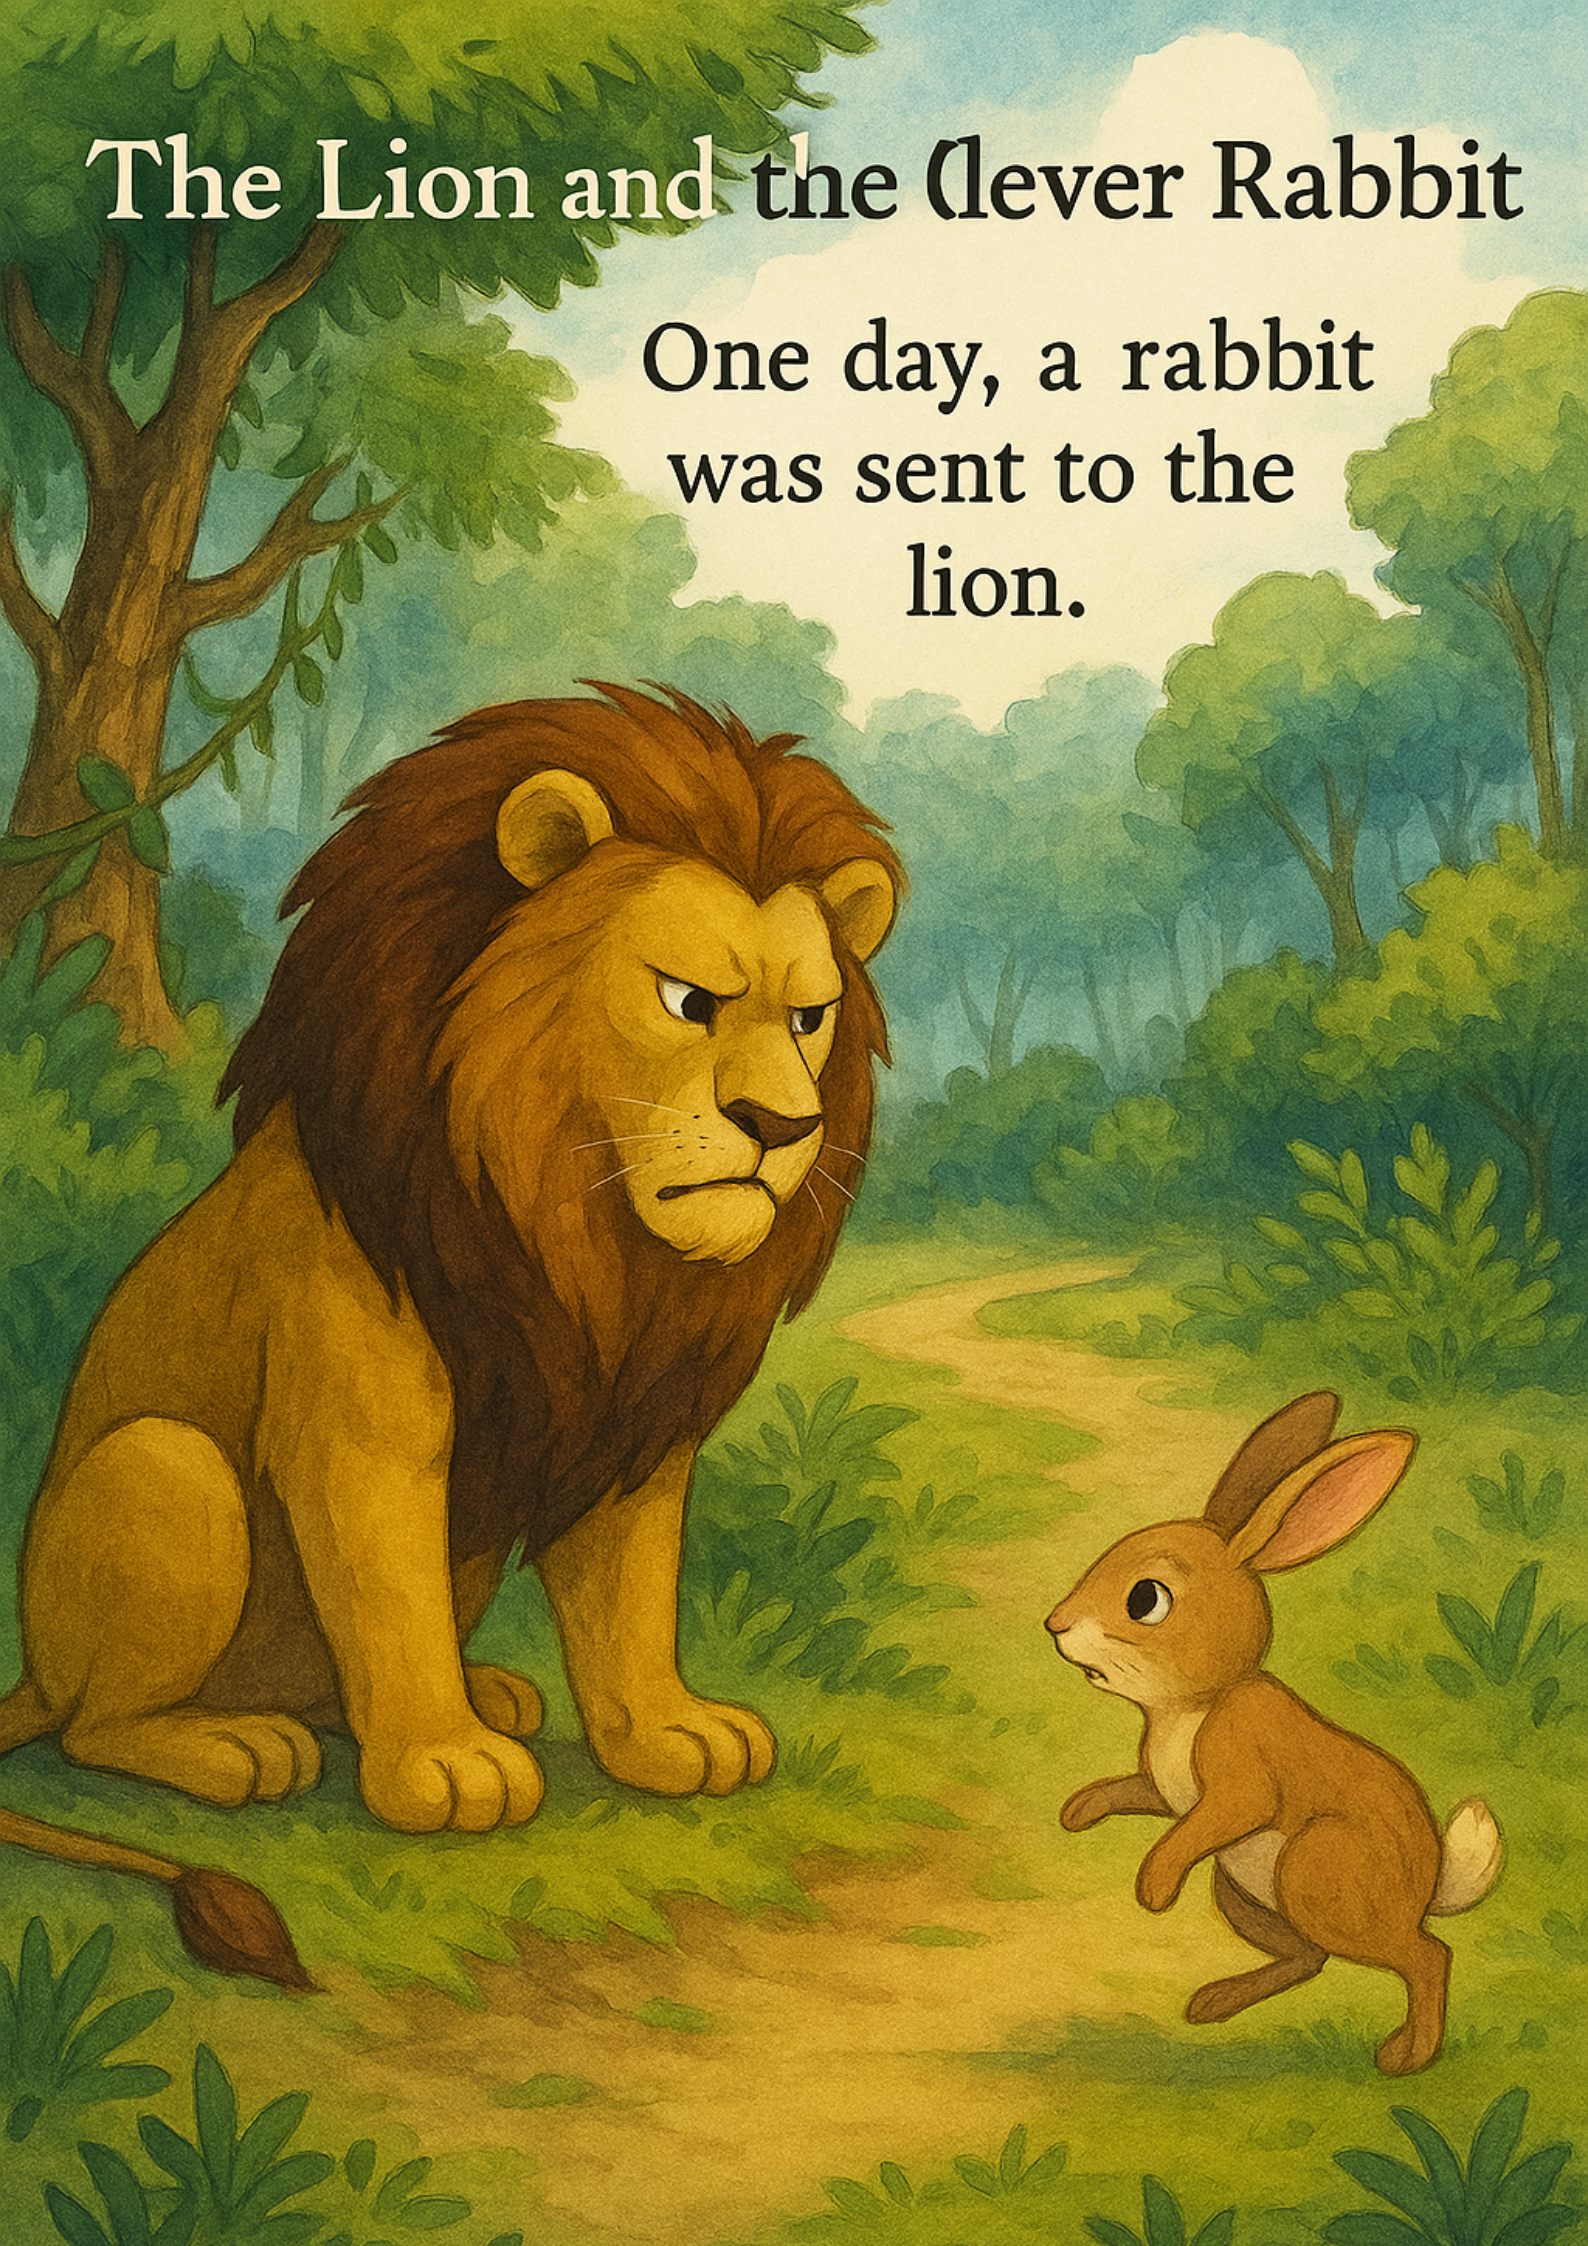

The Lion and the Clever Rabbit

The Lion and the Clever Rabbit

One day, a rabbit
was sent to the
lion.

The lion became angrier, and started shouting at the rabbit

Thinking quickly, the rabbit said there was another lion in the forest

The lion, curious, headed deeper into the forest

The clever rabbit arrived
at the lion's den, aplo-
gizing profusely for
being late.

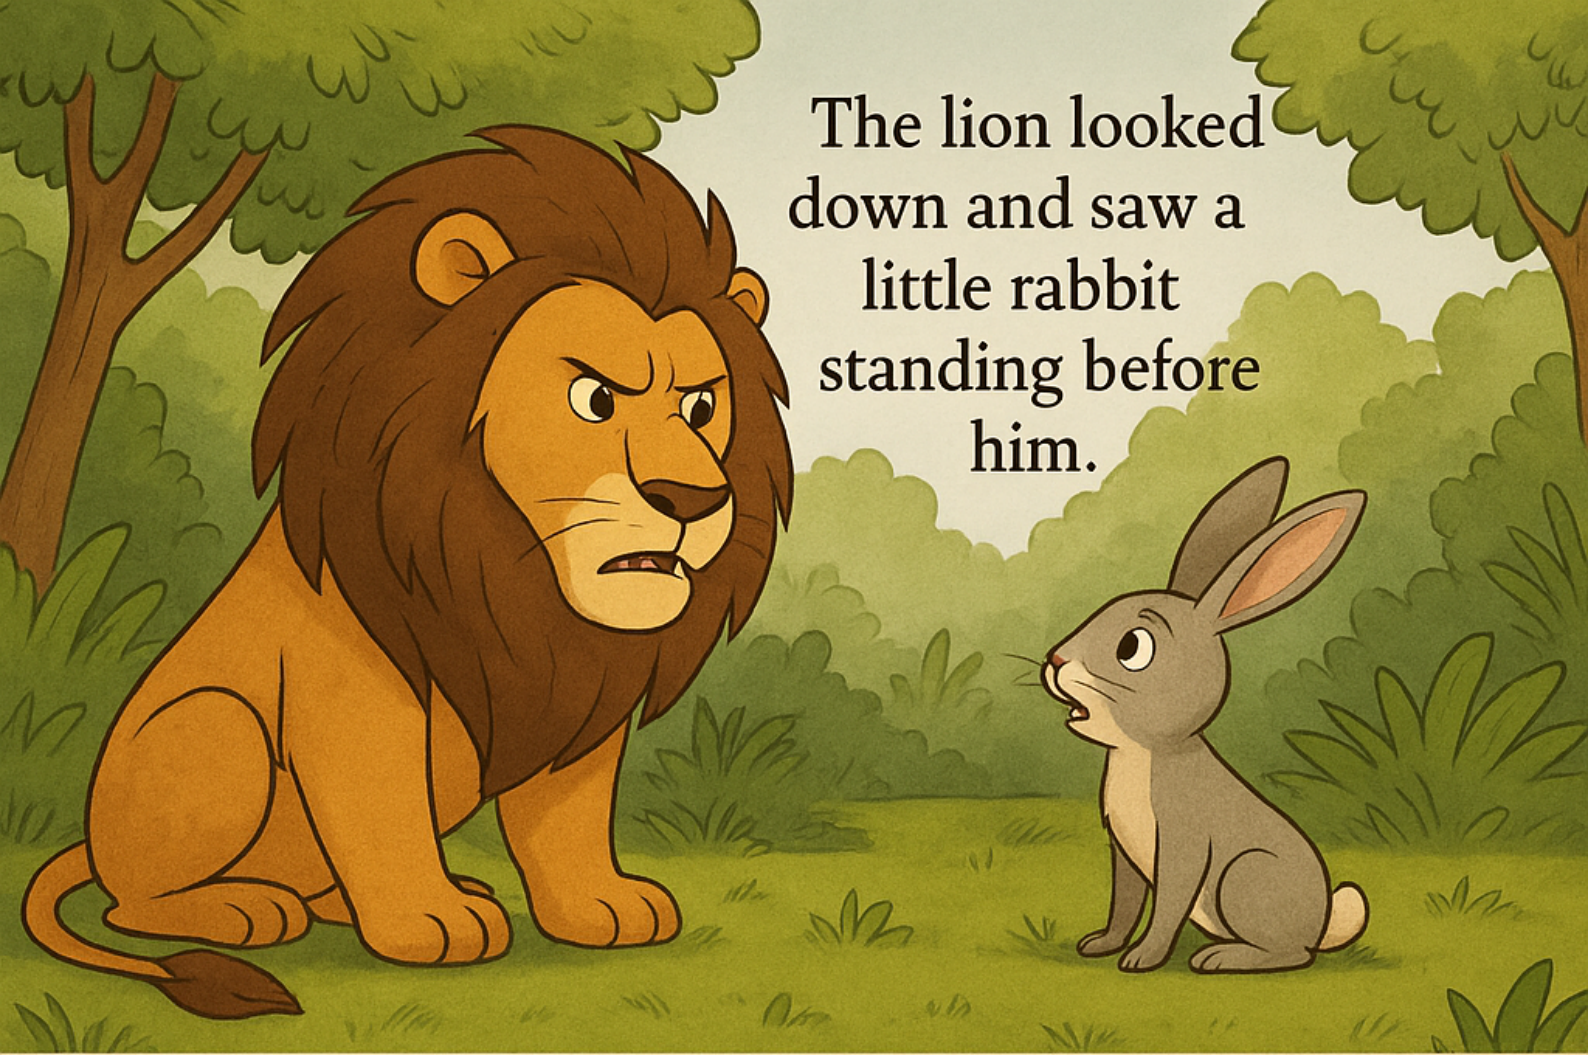

He told the lion, who was
growing more displeased,
that another rabbit had
delayed him.

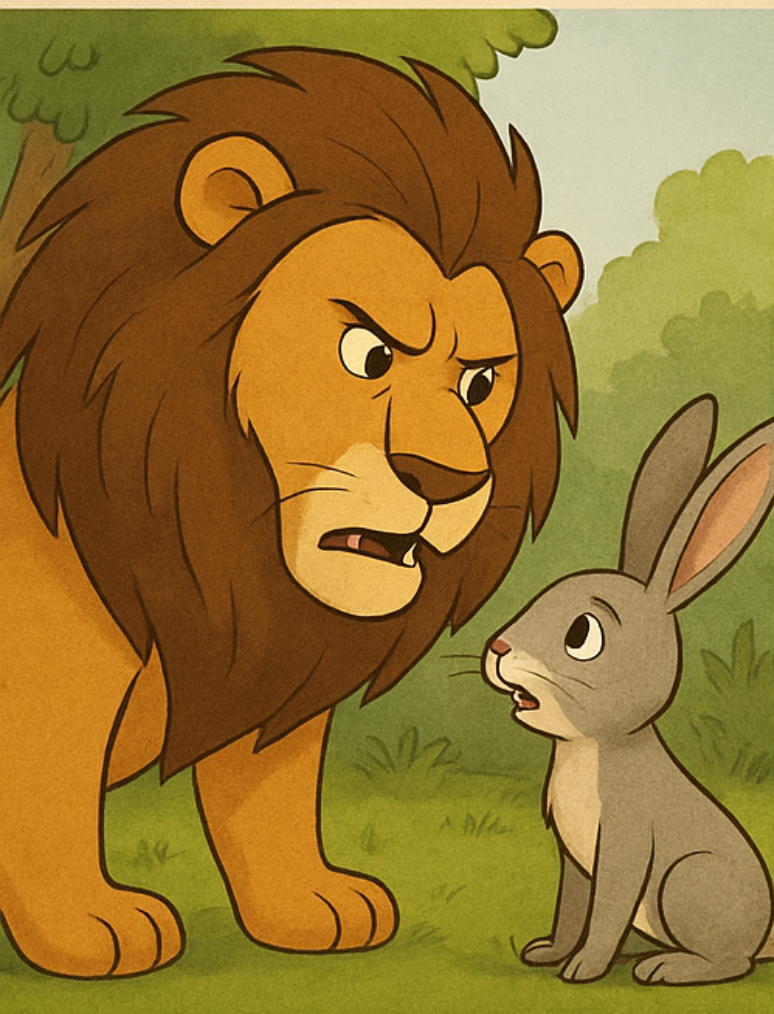

The rabbit led the angry
lion to a well deep

The rabbit led the
angry lion to a well

The lion looked
down and saw a
little rabbit
standing before
him.

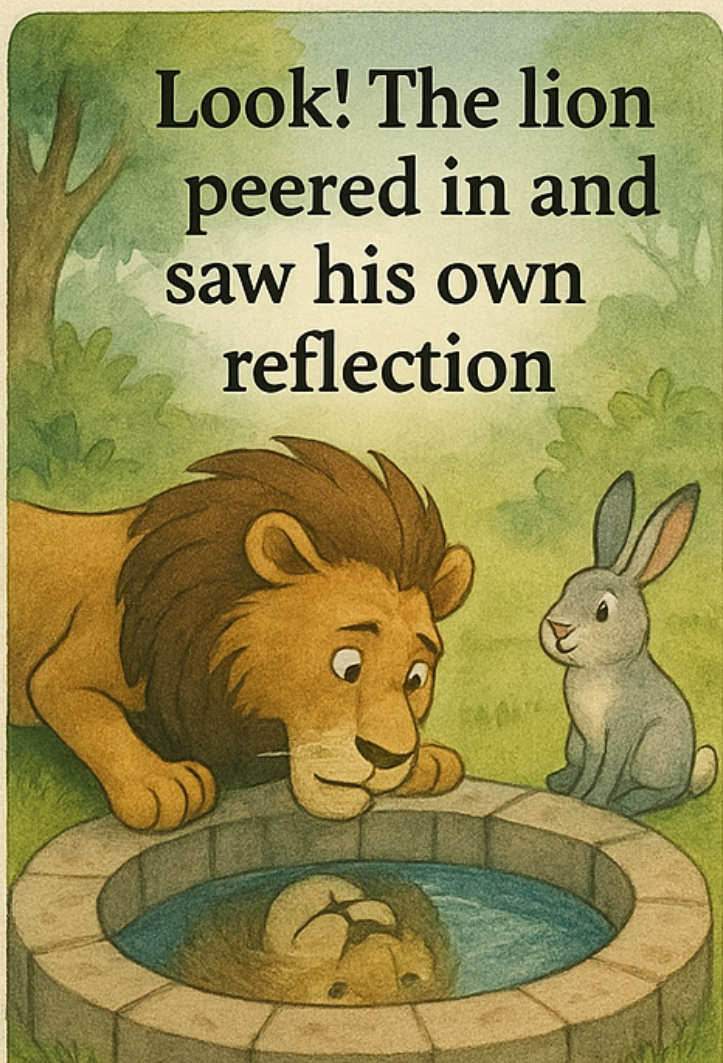

“Why are you late?”
the lion growled

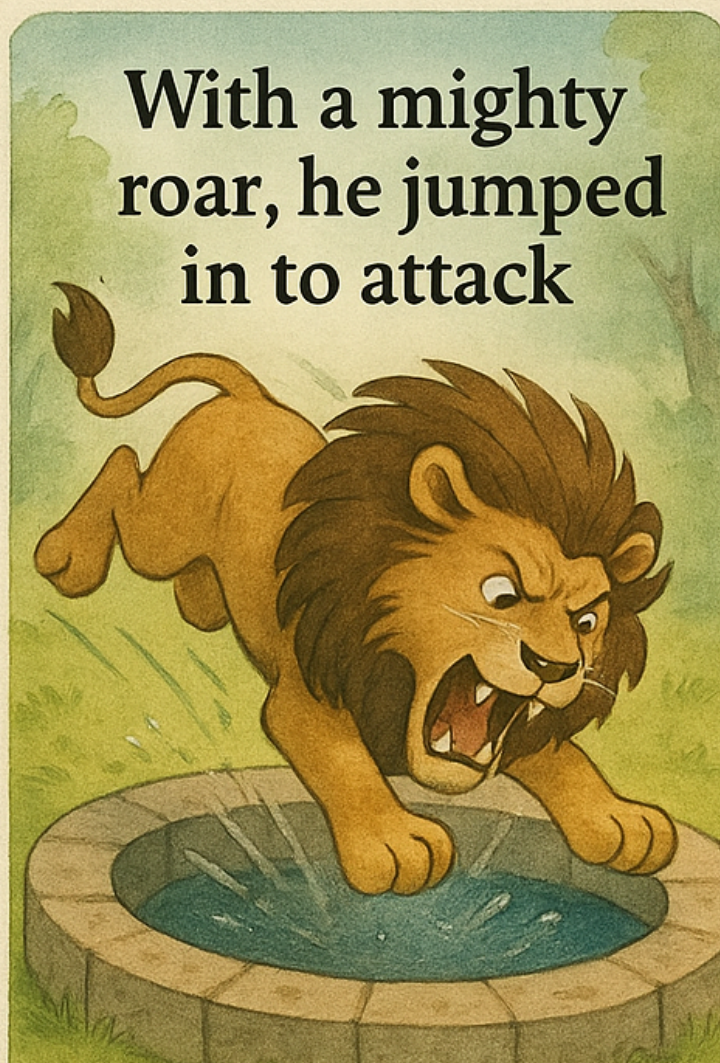

The lion commanded,
“Take me to this lion”

The clever rabbit
led the lion to
a deep well

Look! The lion
peered in and
saw his own
reflection

With a mighty
roar, he jumped
in to attack

That afternoon, the rabbit reached the lion's den.
The lion stared at him angrily.

‘Why are you so late?’
he roared. Trembling,
the rabbit began,
‘O mighty lion...’

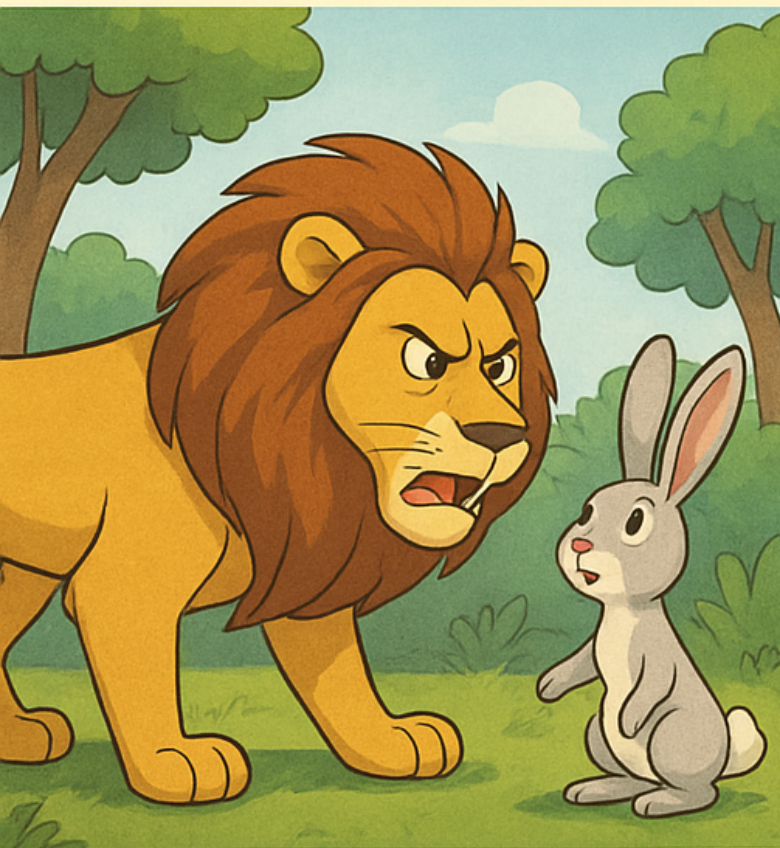

‘Another lion attacked
me. He also claimed to
be the king of the jungle!’

**The lion was furious
when the rabbit
finally arrived**

**The rabbit explained
that he was delayed
by another lion**

**It led the lion to
where the other**

The lion fell into the well, and the rabbit happily hopped away.
